

Description

Light cream colored powder produced from wheat protein especially designed for the nutritional food industry. When dissolved in water it yields a clear pale yellow solution. Gempro HiQ+ has been designed and produced to deliver a natural high content of glutamine to stimulate muscle growth and recovery from physical stress. Suitable for use in clear beverage nutritional drinks or other formulated foods requiring complete solubility.

Typical Analysis

Moisture	5.0%
Protein (N X 6.25 DSB)	90%
Ash	0.70%
Fat	2.5%
Fiber	0.5%
PH	4.0
Total Plate Count	10,000/g max
E Coli	negative
Salmonella	negative
Yeast & Moulds	100/g max
Glutamine	>30%
Carbohydrate	0.5%
Energy kJ/100g	1600
Energy Cals/100g	380
Sodium mg/100g:	100
Potassium mg/100g:	40

Typical Physical Properties

Color:	Cream
Odor & Taste:	Bland

Packaging and Storage

20, 25kg or 50lb polylined multiwall paper bags. Twelve months minimum, when stored in cool, dry place out of sunlight.

GEMPRO HiQ is manufactured under an ISO 9002 quality management system and is certified GMO Free.
