PROCEDURE

01

Blend GemPro HPG, Chickpea Flour, and GemPro Prime-E together; separately, blend liquid ingredients and spices for 1 min on high speed. Add liquids to dry in Kitchen Aid mixer; mix on Speed 2 for 3 min. Rest, covered for 30 minutes.

02

Place dough in Hobart mixer; mix on Speed 2 until semi-viscoelastic (approx. 5-7 min). Divide dough in half, and shape into 1.5 - 2.0" logs. Tightly wrap with parchment paper, then wrap in foil. Add to a 1" deep simmering pot of water and cook for 1 hr, flipping at 30 min. Remove from pot and rest 1 hr at room temp.

03

Transfer to refrigerator to cool overnight; unwrap and slice into 0.25" thick pieces. Coat in BBQ sauce and cook 1 min per side.
